

CoCreate Educational Programs For Engineering Students and Professors

CoCreate's educational programs enable students and professors to discover, learn, and teach the powerful features of the dynamic history-free modeling and data management provided by the OneSpace platform. The program includes full versions of OneSpace Designer Modeling and Designer Drafting, the same software used by engineers and industrial designers at leading universities, research labs, technology companies, and government labs worldwide.

All packages include the most current versions of the tools at the time of purchase and can be used for up to 2 years. The packages run on Microsoft Windows XP Professional, 64-bit XP, or Windows 2000.

Student Package Includes:

- OneSpace Designer Modeling for dynamic history-free 3d modeling
- Essential modules for parametric modeling, assemblies, surfacing, sheet metal, and FE analysis.
- OneSpace Designer Drafting for 2D design
- Pricing – Worldwide (includes taxes): 174 € 269 CHF, 129.25 GBP
Pricing – Americas: \$125 US (plus applicable tax)
- Media is included. Technical support is not provided by CoCreate and should be directed to your professor.

To purchase in the Americas, contact the US CSC Team at 970.267.8311. All other regions should complete the online form at <http://apps.cocreate.com/ME10Edu/register.cfm>

University Package for Professors Includes:

- OneSpace Designer Modeling for dynamic history-free 3d modeling
- Essential modules for parametric modeling, assemblies, surfacing, and sheet metal.
- OneSpace Designer Drafting for 2D design

- Advanced Design capabilities including Mold Design, Geometric Dimensioning & Tolerancing, 3D Inspection, Design Simplification (not including FE Analysis)
- Model Manager, Drawing Manager and BOM management.
- CAD Adapters for Autodesk Inventor, Solid Edge, Pro/Engineer, CATIA v4, Solidworks, IDEAS, and Unigraphics.
- Pricing - Worldwide (includes taxes): 200 €, 333 CHF, 124 GBP
Pricing - Americas (\$590 US (plus applicable tax)
- The purchase of media and support is required (contact CoCreate for current pricing)

To purchase in the Americas, contact the US CSC at 970.267.8311. All other regions should contact your local CoCreate sales representative, CoCreate partner, or email us at education@cocreate.com.

How to Qualify - Students

- Be a current engineering student
- Contact CoCreate for details
- Obtain a signed qualification letter on official school letterhead. The template is available from CoCreate.
- Provide a copy of your student ID or transcript
- Submit online order form provided by CoCreate
- Pay by Credit Card
- Use the software for education purposes

How to Qualify –Universities and Professors

- Be a qualified educational institution or Professor
- Contact CoCreate for details
- Obtain a signed qualification letter on official school letterhead. The template is available from CoCreate.
- Submit order form provided by CoCreate
- Pay by Credit Card or Purchase Order
- Use the software for education purposes

Who to Contact

Americas: CoCreate CSC at 970-267-8311 or CSC_Americas@CoCreate.com

Worldwide regions should contact the local CoCreate sales representative, CoCreate partner, or email us at education@cocreate.com.
