

15.40 TYP (10) PLCS

SECTION D-D

Ø 15.00  
TYP (10) PLCS }

The drawing consists of two parts. On the left is a vertical cross-section labeled 'SECTION D-D'. It shows a foundation wall with diagonal hatching. A dimension line at the top indicates a width of '15.40 TYP (10) PLCS'. On the right is a plan view of the foundation. It shows a rectangular area with a vertical dashed line representing the section line. Various symbols are scattered within the rectangle, including circles, pairs of circles, and dashed rectangular outlines. A leader line points from the text 'Ø 15.00 TYP (10) PLCS }' to one of the circle pairs in the plan view. Arrows at the top and bottom of the dashed line indicate the direction of the section cut 'D'.
