

Hello Derek,

Here is the pricing you requested on the Cirlex w/copper one side

1 sheet 23.5 x 23.5 40 mil w/ 2 oz copper on one side 703.32/sheet

1 sheet 23.5 x 23.5 60 mil w/ 2 oz copper on one side 929.98/sht

Please note that with putting copper on only one side you might see some curl to the sheet. We can put copper on both sides if you want so there will be no chance of curl for the same price

and you can etch off the copper you dont want pretty easily.

Lead time is 3 weeks at this time. This is the best I can do at this time

Thank you,

Jennifer Coulter
